DIRECTIONS

Appraisal assignments must be documented on the official Log of Appraisal Experience form REA 3004 (Revised 01/01/2023). Other formats will not be accepted. Follow the directions below.

DATE OF REPORT - The date the appraisal report was completed/signed. The span of log(s) must total at least the minimum required for the licensing level sought (18 months for AG, 12 months for AR, and 6 months for AL) but need not involve consecutive months.

PROPERTY ADDRESS - The street address, city and state of the property appraised and for which you are claiming experience. Assessor Parcel Numbers (APN's) are acceptable for vacant land if the State and County are also included. If the full address or acceptable APN/State/County combination are not included or are not legible, the experience may not be accepted.

TYPE OF PROPERTY - The type of property appraised (i.e., SFR, Res. 2-4 family, commercial, industrial, land, etc.).

SCOPE OF SUPERVISING APPRAISER'S REVIEW - Describe the scope of the review process undertaken including the supervising appraiser's level of verification and analysis.

CLIENT AND OTHER INTENDED USERS - The name of the client and any other intended users (if identified in the report by name).

DESCRIPTION OF WORK AND SUPERVISION (Checkboxes 1-8) - This section describes the work performed by the applicant and, if applicable, the scope of the supervising appraiser's supervision of the applicant. The applicant must check the applicable box(es) to describe their work performed in the row labeled "A". The supervising appraiser must check the applicable box(es) to describe their level of supervision performed in the row labeled "S". The level of supervision is not the same as the scope of supervising appraiser's review. For example, if the supervising appraiser supervised the applicant during the on-site physical inspection, both applicant and supervising appraiser would check the box for On-Site Physical Inspection. Alternatively, if the supervising appraiser did not complete the sales comparison analysis with the applicant but only reviewed the applicant's analysis, the applicant would check the box for Sales Comparison Analysis and the supervising appraiser would not.

APPLICANT HOURS - The number of hours the applicant spent on the appraisal assignment.

TOTAL HOURS THIS PAGE - Total number of hours documented for the page.

HOURS FROM PREVIOUS PAGES - Total number of hours documented from previous pages of the log if more than one page is used. If this is page one of the log list zero.

TOTAL HOURS - Hours from previous pages of the log and the current page totaled.

PAGE - The page number for the log submitted.

OF - The total number of pages for the log.

SUPERVISING APPRAISER - Each page must be initialed by the supervising appraiser if the work was performed under the guidance of a supervisor. When reporting appraisal experience under the guidance of more than one supervisor, a separate REA 3004 form must be completed for each.

DATE - The date the supervising appraiser signed the log sheet(s). The log sheet(s) should be reviewed, signed and dated upon completion of each page.

CERTIFICATIONS

Applicant Certification - Required of all applicants submitting an experience log.

Supervising Appraiser's Certification - Required from all supervising appraisers. Applicants must use a separate form REA 3004 for each supervising appraiser. The signed Certification(s) must be from the Log of Appraisal Experience form REA 3004 current as of the date the Certification(s) are signed. Outdated Certifications will not be accepted.

WORK SAMPLES (Please read carefully)

BREA licensing staff will contact the applicant regarding the submission of work samples selected from the Log of Appraisal Experience. Five work samples will be requested. Work samples must be Self-Contained or Summary Appraisal Reports if completed prior to 2014 or must be prepared under the Appraisal Report reporting option if completed in 2014, or after (restricted reports do not qualify for experience credit). All work samples must be in conformance with the Uniform Standards of Professional Appraisal Practice (USPAP). If any of the work samples are found to not conform with USPAP, or if the Log(s) of Appraisal Experience are not filled out properly, all experience may be rejected. Only appraisal reports performed for a business purpose qualify for appraisal experience. All work samples submitted to BREA must be exact copies of what was communicated to the client. In substantiating appraisal experience, BREA may obtain appraisal report copies from a variety of sources, including the client. Work samples provided to the BREA by the applicant must match the appraisal reports communicated to the client.
